DERMACEUTIC LABORATOIRE

Dermaceutic Laboratoire is the partner of choice for aesthetic dermatology specialists.

Dermaceutic peels are used every day by specialists around the world to treat wrinkles, dark spots, and acne. Dermaceutic cosmeceutical care products are preferred by specialists to optimise aesthetic treatments such as peels, lasers or IPL, fillers, botox, and mesotherapy.

A peeling treatment stimulates cell renewal and boosts epidermal repair. Dermaceutic cosmeceutical care products reinforce these effects and can be prescribed by your specialist based on your needs.
